DETAILED ACTION

Drawings

1. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference sign(s) not mentioned in the description: reference numerals 3A and 3C. A proposed drawing correction, corrected drawings, or amendment to the specification to add the reference sign(s) in the description, are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Specification

2. The use of the trademark VASELINE has been noted in this application. It should be capitalized wherever it appears and be accompanied by the generic terminology.

Although the use of trademarks is permissible in patent applications, the proprietary nature of the marks should be respected and every effort made to prevent their use in any manner which might adversely affect their validity as trademarks.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 3761

5. Claim 1 recites the limitation "the ingredient-containing layer" in line 5. There is insufficient antecedent basis for this limitation in the claim.
6. Claim 1 recites the limitation "the surface" in line 7. There is insufficient antecedent basis for this limitation in the claim.
7. Claims 1 and 3 recites the limitation "the skin". There is insufficient antecedent basis for this limitation in the claims.
8. With respect to Claim 5: the phrase "Vaseline" is indefinite. "Vaseline" refers the source of the product, not the product itself, therefore it is unclear what "Vaseline" is referring to.
9. Claims 7 recites the limitation "the two layers". There is insufficient antecedent basis for this limitation in the claims.
10. Claims 7 recites the limitation "the surface". There is insufficient antecedent basis for this limitation in the claims.

Allowable Subject Matter

11. Claims 1-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

12. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Miller et al. (3,859,125) discloses the use of a sheet that is coated with water-soluble polyvinyl alcohol, Honeycutt (5,628,222) discloses the use of a composite with one component being water-soluble polyvinyl alcohol, and Roe et al.(5,607,760) (6,120,783) (6,290,979), Schulte
